

Update on the Kids

Ben is now in the Navy, currently stationed at Great Lakes Naval Base near Chicago and is studying to be a Hospital Corpsman (medic). He has volunteered to go on to the Ma- f] b Y g Ð :] Y ` X ` A Y X] W ` G Y f j] W Y " assignment is the naval hospital in Bethesda, Maryland.

Ben and family at Basic Training graduation

Kelly spent the school year attending Mat-Su Community College. Both she and Sandy took American Sign language and learned how to talk to each other from across a room! This summer Kelly is helping at Victory as the assistant Alpine Camp director. She is considering school in the fall to become a medical assistant.

Kelly with friend and neighbor, Melissa Beachy

Praise

- < Campers asking lots of questions and searching for salvation assurance.
- < Much needed rain after a dry May/ June and fire danger.
- < Good workteams getting many projects done.
- < Safety around the grounds so far.

Prayer Requests

- < For a food service director for Victory Bible Camp
- < Camp speakers sharing the gospel k] h \ ` h \ Y ` h F o d u a Y o n [Jesus ĩ "
- < That campers would choose to follow Jesus.
- < Several families raising support to come with Victory Ministries.
- < Health for all staff (fighting flu)

VICTORY MINISTRIES
OF ALASKA

Building Lives Worth Living

Greetings!

A staff member recently recounted that his first 20 years of life went by quickly and he predicted that the next 20 would go even faster. We can certainly relate to the truth of that statement.

With our 14th summer camp season underway at Victory Bible Camp, it seems as though the last one was barely over.

There is little time to take a breath between winter and summer activities. We ramp up for summer by the end of April with three weeks of Outdoor education and move right into the intensity of another summer schedule by Memorial Day. Normally, the crescendo reaches its peak with the summer staff orientation and annual teaching of certification clinics both at Victory and Camp Li -wa the first week in June.

Kelly with fellow staff members awaiting the buses.

Back to the beginning of the summer and have seen the Lord working in the lives of campers and counselors alike.

Friday night the speakers give the opportunity for anyone to make a decision to choose Christ for the first time of to make a recommitment. Many campers have filled out card of commitment and nailed them to the cross in the chapel.

Here are some comments from the campers:

This week I had so much fun while

working with the staff and campers.

I had a great time with the staff and campers.

They use words like "I had a great time with the staff and campers."

see such evident change in the lives of kids!

Besides the ministry with kids, we also

have many adults come to Victory

each summer and have seen the Lord working in the lives of campers and counselors alike.

of work teams. So far we have had teams from Washington, Michigan, Pennsylvania, and Vermont.

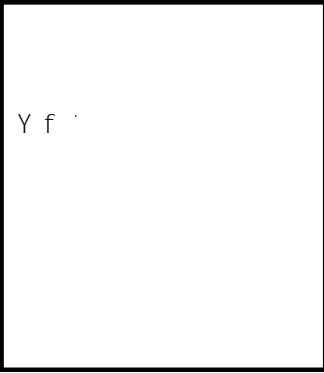

They have worked to finish some new apartments, put up firewood while clearing land,

helped out in the office and kitchen, done some much needed deep cleaning in many areas, worked on a new riding arena at the barn and numerous other projects to keep the wheels of the camp operation running smoothly.

Brian has a nurse helping him for the summer which makes dealing with health & injury issues much easier. It also gives him time to keep all the office equipment going for everyone and coordinate work teams as the human resources director.

Sandy is overseeing the kitchen & gift shop. We both have little time for anything else, wearing so many hats.

Thanks for your continued interest and support.

CAUSE: One person jumps off a 12 foot platform onto one end of this huge air tube, EFFECT: seen above!!

Brian & Sandy
